

## ICBC Replacement Vehicle Daily Rental Rates & Categories

Temporary substitute replacement transportation needs, including cargo and seating capacity requirements, should be reviewed in conjunction with policy limits when arranging a rental for the policy holder.

Section 5.14(c)(i) of the ICBC Autoplan Optional Policy gives ICBC the discretion to limit a policy holder to a vehicle of a make, model and size similar to the vehicle being replaced.

Vehicles identified in this document are examples of vehicle sizes and types that are available to rent at the following agreed to daily rates. Some specialty rental vehicles (e.g., Mini Cooper, Smart ForTwo, BMW 7 Series) are not priced by their category size and are therefore **not offered** to ICBC customers at the agreed to daily rates. Customers who choose to rent a specialty vehicle may be required to pay additional charges, which may not be covered by ICBC.

**Important:** If the ICBC customer's direct rental is being handled by Hertz Canada, please refer to the Lower Mainland/West Vancouver to Hope Rental Rate document.
