**Important:** All assessment attempts, whether successful or unsuccessful, must be retained in the Driver Training School's records for the student as per Motor Vehicle Act Regulations section 27.06(4) (b). However, only record the 'passed' results on this form. This form must be completed for each student enrolled in a MELT course for issuance of a Class 1 MELT Declaration of Completion. While the student may take a practical assessment as many times as needed, they must pass each practical assessment twice.
