1. Introduction

1.1 Introduction

ICBC engages with an extensive network of service practitioners that provide chiropractic services to ICBC customers injured in motor vehicle accidents ("ICBC Customers"). A Chiropractor or Firm wishing to become part of ICBC's Recovery Network ("Recovery Network") must comply with the Agreement, as defined below. Approval into the Recovery Network is at ICBC's sole discretion. If approved, the Chiropractor or Firm will be designated as an "Approved Chiropractor" or an "Approved Firm" and be eligible for ICBC's Recovery Network Benefits. All Approved Chiropractors and Firms must meet and maintain the standards and requirements outlined in the Agreement and must bill for services accordingly. Approved Firms will be paid directly by ICBC for authorized services provided to ICBC Customers in accordance with the expectations outlined in Section 6 of this Program Guide. Only services provided by an Approved Chiropractor at an Approved Firm are eligible for direct billing.

1.2 Key Terms

- "HCPIR" is ICBC's Health Care Provider Invoicing and Reporting application.
- "HCPP" is ICBC's Health Care Provider Portal.
- "HCVA" is ICBC's Health Care Vendor Application system.
- "Health Care Practitioner" or "Practitioner" includes, but is not limited to, Approved Chiropractors.

The ICBC Claims Contact may be the ICBC Senior Claims Specialist, Claims Specialist, Support and Recovery Specialist, Senior Support and Recovery Specialist, Advanced Support & Recovery Specialist, or otherwise.
- “Locator” is a virtual tool on icbc.com designed to connect ICBC Customers with its network of Health Care Practitioners and Firms who are part of ICBC’s Recovery Network, meet the Locator eligibility requirements, and have consented to being featured on the Locator.

3. ICBC's Expectations

Approved Chiropractors and Firms are key business partners who help injured ICBC Customers through their recovery. Working together, the Approved Chiropractor, Firm and ICBC will create positive experiences for our mutual customers by demonstrating our shared values of being collaborative, supportive, straightforward and knowledgeable.

Approved Chiropractors and Firms who are providing services to injured ICBC Customers must align themselves with the above objectives and must commit to providing high-quality, cost-effective, and outcome-oriented care. Approved Chiropractors and Firms must behave in an ethical manner that observes the highest principles of integrity, respect, equality, fair practice, professional conduct, and excellence.

If an ICBC Customer is found to be non-compliant or not participating in their treatment program, it is the Approved Chiropractor's responsibility to notify ICBC.

3.1 Benefit Administration

In order to arrive at appropriate funding decisions, ICBC Claims Contacts gather available information from sources such as the ICBC Customer, their medical and/or health care team, and refer to the applicable internal resources available to them. ICBC does not direct care. To be considered for funding, the therapy or treatment must be:

- a)** for injuries directly related to the crash;
- b)** necessary or advisable; and
- c)** evidence informed and clinically justified.

The ICBC Claims Contact will communicate the funding decision to the ICBC Customer and the Health Care Practitioner. Firms must only request funding for services that meet the above criteria and must only bill ICBC for services for which they have received funding approval.

4. Chiropractic Services and Treatment Policies

Please refer to Section 6 of this Guide for fees and billing procedures associated with the services and treatment policies outlined below.

4.1 Pre-authorized Treatments during the Early Access Period

The number of pre-authorized treatments are outlined in the Insurance (Vehicle) Regulation and the Enhanced Accident Benefit Regulation. ICBC Customers are entitled to ICBC funding for the pre-authorized number of treatment sessions within the Early Access Period without ICBC approval. The number of pre-authorized treatment sessions includes the initial assessment visit.

4.2 Initial (Assessment) Visit

An Initial Assessment includes both the initial assessment of the ICBC Customer and a standard treatment session provided during the same appointment. The Initial Assessment visit fee includes both the assessment and standard treatment provided. A standard treatment must not be charged separately for treatment provided on the date the initial visit took place. The Initial Assessment fee must only be billed once per ICBC Customer, unless otherwise approved by ICBC.

4.3 Standard Treatment Sessions

Twenty-five (25) standard chiropractic sessions (which includes the Initial Assessment visit) are pre-authorized for ICBC Customers during the Early Access Period. The following applies to all standard treatment sessions:

- fees are based on a standard treatment, not an hourly rate;
- standard treatments must be informed by and comply with applicable College guidelines, standards and policies;
- ICBC does not fund multiple treatment sessions provided by the same practitioner type on the same day;
- treatment frequency is based on clinical recommendations and must reflect best practice; and
- a chiropractic standard treatment includes a minimum of fifteen (15) minutes one-on-one Direct Care with the ICBC Customer and Approved Chiropractor:
 - The standard treatment fee is inclusive of all modalities provided by the Approved Chiropractor and administrative duties performed such as charting or session preparation.

4.4 Care Plan Meetings

Care plan meetings are initiated, approved, scheduled, and facilitated by an ICBC Claims Contact for the purpose of aligning goals, objectives, and overall medical case management of a shared ICBC Customer.

The following will not be funded as care plan meetings:

- a) time spent discussing a shared ICBC Customer or general correspondence, where the ICBC Claims Contact has not scheduled the call and is not present for the meeting; and
- b) time spent by the Health Care Practitioner in preparation for the care plan meeting.

4.5 Telephone Consultations

Telephone consultations support cooperation between Health Care Practitioners and ICBC, or between treating Health Care Practitioners where direct conversation is necessary to address functional limitations or recovery barriers. **Pre-approval by ICBC is required for all telephone consultations.** Telephone consultations will only be funded for ICBC Customers with a date of crash on or after May 1, 2021.

- a) The following will not be funded as telephone consultations:
- b) administrative or routine correspondence and communication;
- c) correspondence or communication pertaining to invoicing, reports, records, or Treatment Plan clarification or authorization;
- d) correspondence or communication regarding perceived or actual supplier performance issues;
- e) time spent leaving a voice message;
- f) correspondence or communication between Health Care Practitioners located within the same facility engaging in regular business practices, such as rounds;
- g) any written correspondence;
- h) time spent by the Health Care Practitioner in preparation for the telephone consultation; and
- i) correspondence or communication time for ICBC Customers with a date of crash prior to May 1, 2021.

Telephone consultations are paid via a flat fee for up to fifteen (15) minutes in duration. Telephone consultations in excess of fifteen (15) minutes will not be approved unless there are exceptional circumstances; the Health Care Practitioner must engage the ICBC Claims Contact to discuss further funding approval.

4.6 No-show or Late Cancellations

ICBC does not pay for no-show appointments or late cancellations. In the case of a no-show or late cancellation, the Firm's policies apply to the ICBC Customer.

Note: If the Firm's policies dictate that the ICBC Customer incurs the charge for a no-show appointment or late cancellation, the Health Care Practitioner must inform the ICBC Customer that ICBC will not reimburse this fee as it is being charged as a result of a Firm's policy.

4.7 Policy on Treating Family

Claim-related treatment of family members cannot be billed to ICBC unless there are no reasonably practicable alternatives and written Pre-approval from ICBC has been obtained.

4.8 Progress Report

Progress reports must only be completed upon request of an ICBC Claims Contact. The progress report must be completed in its entirety before it can be submitted and billed to ICBC. If the report is incomplete when submitted, it will not qualify for payment. If this occurs, a completed report must be resubmitted in order to qualify for payment.

4.9 Virtual Treatment Services

Virtual treatment services are health care services offered by the Approved Chiropractor who is physically distant from the ICBC Customer. Virtual treatment sessions must include both audio and video technology. Telephone-only sessions cannot be billed to ICBC.

Pre-approval from the ICBC Claims Contact is required prior to initiation of virtual treatment services. The majority of Chiropractic services must be delivered in-person. However, ICBC recognizes there may be circumstances where it is not possible and virtual treatment sessions are required. These may include, but are not limited to, the following circumstances:

- ICBC Customer is located in a rural community and there is limited physical access to Chiropractic services;
- ICBC Customer has a pre-existing health condition, such as being immunocompromised, and is required to limit exposure; or
- changes to provincial health orders limiting access to community health facilities for a specific time period, such as temporary closures for two weeks.

Approved Chiropractors must adhere to the same in-person expectations for a standard treatment session, and the College's guidelines, standards and policies on virtual treatment services.

4.10 X-Rays

Fees for X-rays must only be billed to ICBC when they are clinically necessary and following evidence-informed practice, for the purposes of diagnosis.

ICBC may request copies of X-rays or X-ray reports.

5. Treatment Plans

Treatment Plan forms allow for expedient funding decisions by ICBC. Treatment Plans must be submitted as soon as it has been identified that an ICBC Customer will require additional care beyond the Early Access Period, or there is indication that the ICBC Customer's recovery is not progressing as expected, and additional treatments beyond the current approval or end date are recommended. Approved treatments not used within the Treatment Plan approval period are not valid beyond the indicated end date.

To maintain the continuity of care and prevent account receivable issues, Treatment Plans should be submitted 1–2 weeks prior to the expiry of the approved number of treatments or approved end date. Treatment Plans must be submitted through HCPIR or HCPP.

Treatment Plans must outline:

- the functional progress made to date and the functional or return-to-work goals that will be achieved through additional treatments;
- the active interventions that are planned to achieve the listed recovery goals; and
- other factors that may be contributing to or impacting the ICBC Customer's recovery.

The ICBC Claims Contact may consult Health Care Practitioners when further information about the treatment recommendations and function-based outcomes outlined in a Treatment Plan are required. Additional resources on completing a Treatment Plan can be found on the [Partners Page](#).

If a Treatment Plan is incomplete or additional information is required, there will be a delay to the Treatment Plan review and the Treatment Plan may be denied.

6. Remuneration and Invoicing

6.1 Invoice Submission

Invoices must not be submitted until after a treatment or service has occurred. Pre-billing is not permitted. Where an ICBC Customer has multiple Claims, a treatment or service can only be billed on one Claim and cannot be billed multiple times.

The Firm must submit invoices to ICBC within forty-five (45) calendar days from the date the service was provided. At ICBC's sole discretion, invoices submitted outside of the 45-day timeframe may not be paid.

All invoices submitted to ICBC must adhere to the instructions published on the [Partners Page](#) and in the Program Guide, and must be billed under the name of the Approved Chiropractor that provided the treatment.

The Approved Chiropractor or Firm is only eligible for direct billing privileges on or after the date on which they are accepted into the Recovery Network. Invoices for services rendered prior to that date are not eligible for direct billing.

When submitting an invoice through HCPIR, Firms must enter the name and job title of the person submitting the invoice along with the appointment date and time, where applicable.

- b) customer complaints or tips;
- c) employee complaints or tips;
- d) regularly scheduled or ad hoc audits; or
- e) regulatory College or association disciplinary actions.

9.1.2 Audit Outcomes

ICBC will document audit results and retain these results for review when the Approved Chiropractor or Firm's performance is assessed. On request, audit results will be made available to the Approved Chiropractor or Firm that is the subject of the audit and will not be shared with other Practitioners or Firms. ICBC will use the results from an Approved Chiropractor or Firm's audit to facilitate any required follow-up in the form of future audits.

Where appropriate, as determined by ICBC, the results may also be communicated to the College.
